

LANGUAGE NUT

Languagenut is a digital language learning resource designed to support students along their language learning journey.

The extensive content is ideal for developing language skills, offering students all they need to make and see progress.

All tasks will be set through a link on ClassCharts.

Pupils click the link, access the tasks with their log in details and engage with the wide variety of tasks available both as allocated homework or to encourage independent study outside of the classroom.

When pupils log in, they can expect to see activities such as:

- Vocabulary training covering over 3000 words and phrases in the vocabulary bank
- Sentence builders through quizzes and interactive games
- Comprehensive grammar and verb practice activities

LOGGING IN

Student user names and passwords will be shared via Spanish teachers very soon.

Ask your child to record this information, so you can use the same log in details to monitor homework completion.

WHAT TO DO IF YOU FORGET YOUR PASSWORD

The teacher can reset this for you if you have lost / forgotten your details.
